

“Let my Voice Be Heard!” - by Robert Michael Becker

(Intro)

This song is for all the victims of the worldly republicans, and for all the righteous ones afflicted by the reality of dark magic.

(Verse)

The Powers that exist are against righteousness,
Perhaps devils are devils because ignorance is bliss,
Help make intercession, the truth is a lesson,
the righteous must transgress, to be righteousness manifest in the flesh,
This should not be, but this is reality, So Love the Lord, don't blasphemy.

(Chorus)

Make Justice Constitutional,
A Righteous People Attributional,
Listen worldly republicans,
You employ men and women to sin,
Cease and desist or cease to exist,
You're not righteous, Repent or perish,

(Verse)

Give us stripes don't murder our Lives.
Allow us to be, the very reality the Lord desires us to be,
Make the definition of Justice our right constitutionally!
Relieve the Oppressed, Stop persecuting us! That is-
Oppressing us for the sake of the opinions of the Devil and his children!,
Trust the Truth, Immanuel wants an end to the enemies of man!

(Chorus)

Make Justice Constitutional,
A Righteous People Attributional,
Listen worldly republicans,
You employ men and women to sin,
Cease and desist or cease to exist,
You're not righteous, Repent or perish,

(Verse)

Your employees feed and protect Every Chomo in prison! Listen to Me!
Cease and desist feeding and protecting your fellows indiscriminately!
Call upon I Am, I invoked mystic matrimony!
Team Son of Man or Team Every Chomo, Selah Son of Man!
Who will condemn me? Who is my adversary, let him face me!
Instead of enforcing sin,- officers could be, Righteousness manifest in the flesh!-its a possibility!
